

IDENTIFICATION:	
Trade Name: <b>EcoBoost</b>	Revision Date: 06-03-05
Product Description: A concentrated , nonhazardous, biodegradable, natural reducing agent	
Supplier's Name: The Pond Guy, Inc. / Airmax Ecosystems	
Address: 6135 King Road, Marine City, MI 48039	
Phone: 888.766.3520	

COMPOSITION:				
Name	CAS#	WT.%	TLV	OSHA PEL
Lithothamnium calcareum	NA	100	NA	NA

PHYSICAL & CHEMICAL PROPERTIES:	
Solubility in Water:	Insoluble in water, alcohol and most organic solvents
pH:	NA
Decomposition temperature:	>850° C
Bulk Density:	NA
Appearance:	Gray / off-white powder
Odor:	Characteristic seaweed odor

FIRE FIGHTING MEASURES:	
Fire & Explosion:	Does not support combustion
Extinguishing Media:	Use an extinguisher suitable to the cause of the fire
Fire Fighting Instructions:	Wear self-contained breathing apparatus and protective clothing. Use water to cool containers. Moisten with water to reduce dust hazard.

HAZARDS & FIRE FIGHTING:	
HMIS HAZARD RATINGS	
Health-1	Fire-0      Reactivity-0      Personal Protection-See Section 8
Routes of Entry:	Product may enter the body via eye contact, skin contact and ingestion.
Potential Health Effects:	Prolonged exposure to powder products may cause mechanical irritation to eyes and lungs
Eye:	Eye contact with product may cause mild irritation. Avoid any eye contact.
Skin:	Slight redness on hands and forearms if individual has a history of dermal allergic reaction.
Skin Absorption:	Systemically toxic concentrations will not be absorbed through the skin in a human.
Ingestion:	Swallowing may cause irritation of mouth and throat. It may also cause nausea, vomiting or diarrhea. Do not taste or swallow product.
Inhalation:	Product may produce nuisance dust which will irritate respiratory passages and may affect people with asthma.

**HAZARDS & FIRST AID:**

<b>FIRST AID MEASURES</b>	
Eye Contact:	IMMEDIATELY flush eyes with a directed stream of water for at least 15 minutes while forcibly holding eyelids apart to ensure complete irrigation of all eye and lid. SEEK MEDICAL ATTENTION IF IRRITATION PERSISTS.
Skin Contact:	Flush skin with water and wash with soap and water. Wash clothes before reuse. GET PROMPT MEDICAL ATTENTION IF IRRITATION OCCURS.
Ingestion:	Wash out mouth with water. SEEK MEDICAL ATTENTION IF PATIENT CONTINUES TO FEEL UNWELL.
Inhalation:	Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If respiration stops, have trained person administer mouth-to-mouth resuscitation. GET MEDICAL ATTENTION IMMEDIATELY.

**STABILITY & REACTIVITY:**

Stability:	Stable under normal conditions
Conditions to Avoid:	NA
Potentially hazardous reactions:	Reacts with acids liberating Carbon Dioxide
Materials to Avoid:	Acids

**ACCIDENTAL RELEASE MEASURES:**

*Wear approved respirator and goggles in instances of high dust concentration.	
Disposal:	Shovel, sweep, vacuum — Disposal of this product or its residues must be in accordance with a local, state and federal environmental regulations.

**EXPOSURE CONTROLS:**

Minimize exposure in accordance with good hygiene practice. Avoid handling which would create large amounts of dust.	
Ventilation:	General mechanical ventilation, local exhaust.
Respiratory Protection: (specify type)	If needed, use MSHA-HIOSH approved respirator for nuisance dust.
Protective Clothing:	Take all precautions to prevent skin contact. Wear long sleeve clothing and rubber gloves.
Eye Protection:	Chemical goggles recommended.
Other Protective Equipment	As recommended by federal, state and local regulations.

**HANDLING & STORAGE:**

Storage Temperature:	Store this product below 100° F (° C) and do not freeze. Store in a cool, dry, well ventilated area away from heat and out of direct sunlight. For best results use within 12 months.
General Precautions:	Keep container tightly closed when handling or storing. Keep out of the reach of children.
